

country and nation. Pakistan is a fortunate country where more than 60 percent of the population consists of youth, therefore it is important that training along with education must be given priority in academic institutions so that healthy and positive trends can de-

foundation was laid on the ideology of Pakistan, which was the vision of Sir Syed Ahmed Khan. The aim of establishing Sir Syed University is to provide guidance to the youth in the right direction in the light of the Pakistan ideology.

While shedding light on

Haris Nawaz about the future plan and new projects.

On this occasion, Vice Chancellor of Sir Syed University, Dr. Syed Jafar Nazir Usmani and Chairperson of Zakir Ali Khan Foundation, Ms. Eram Akbar Khan were also present.

Excellent Collaboration: MCE Strengthens Ties with Sir Syed University

KARACHI: In a significant step towards fostering industry-academia collaboration, MCE has reaffirmed its commitment to empowering university students through hands-on learning and skill development.

During a recent meeting with Mr. M. Akbar Ali Khan, the newly appointed Chancellor of Sir Syed University of Engineering and Technology (SSUET), MCE's Founder and CEO, Mr. Mohammad Qamar Uddin Khan, emphasized the company's dedication to bridging the gap between academic knowledge and practical experience. He assured the Honorable Chancellor that MCE will actively support students by providing real-world learning opportunities.

The discussion also focused on strengthening university-industry engagement through process improvement proj-

ects, structured internship programs, and scholarship initiatives for top-performing students in collaboration with industry partners. To further cement this partnership, an invitation was extended to the Chancellor to visit the MCE plant after Eid, reinforcing MCE's vision of fostering innovation and technical excellence.

"At a time when economic challenges persist, our goal remains steadfast—nurturing the youth of Pakistan and equipping them with the skills necessary for a prosperous future," stated Mr. Khan.
